STANDARD FORM NO. 64

334

Office Memorandum • UNITED STATES GOVERNMENT

25X1A TO

DATE: 8 October 1952

FROM : Mr. Houston

SUBJECT: USMA and USNA Time Credited Toward Civil Service Retirement

25X1A

[REDACTED] asked if we would check on a small point of personal interest. It has general application I believe. He was informed, presumably by the Personnel Office, that a recent bill provided that service at the military and naval academies now counted toward time served for Civil Service retirement. In [REDACTED] case this would make a difference of four years, eight months. We may already have passed on this specific case, but, if not, he would appreciate a precise answer inasmuch as he could not clearly establish the situation himself.
